Education

Bachelor of Computer Engineering, University of Peloponnese, Patras, Greece, Sep 2017 – Feb 2025

Technical Skills

- **Front-end:** HTML, CSS, JavaScript, TypeScript, React.js, Next.js, Tailwind CSS, Material UI, Bootstrap, Framer Motion
- **Back-end:** Spring Boot, REST APIs, .NET Framework, C#, ASP.NET Web Forms
- **Database:** SQL, PostgreSQL, Microsoft SQL
- **Testing & Tools:** Postman, Git, GitHub, Jira, Vite, EmailJS
- **Other:** JWT Authentication, Responsive Design, CRUD Operations, Agile Methodologies

Work Experience

Data Engineer Internship – Netcompany Intrasoft | Dec 2022 – May 2023 | Patras, Greece

- Optimized and developed complex SQL queries for data extraction and analysis across multiple databases.
- Manually tested and debugged front-end interfaces, improving user experience and reliability.
- Used Jira for agile task tracking, sprint planning, and bug management.

Projects

Teacher-Student Management System Front-end (*Thesis Project*) (*Next.js, Tailwind CSS*)

- Developed the front-end of a web application for teachers to manage students, grades, and team assignments.
- Implemented efficient forms and state management with focus on accessibility and UX.

Full-stack Healthcare App (*React.js, Spring Boot, Material UI, PostgreSQL, JWT*)

- Designed and developed a full-stack web app for managing patient data and appointments.
- Implemented secure login and token-based user sessions using JWT.
- Built RESTful APIs for patient CRUD operations and integrated them with React frontend.
- Applied form validation, responsive design, and error handling for better UX.

Library Management App (*C#, .NET Web Forms, SQL Server*)

- Developed a full-stack library management system allowing users to borrow, return, and manage books with role-based access using C#, .NET Web Forms, and SQL Server.
- Implemented role-based access.

Portfolio Website (*React, Tailwind CSS, Framer Motion, Vite, EmailJS*)

- Created a modern portfolio to showcase projects, skills, and contact information.
- Implemented animations, responsive design, and interactive elements using Framer Motion.
- Integrated email contact form via EmailJS.
